## To our American Friends !

---

In submitting our New Wholesale Catalogue for 1903. We wish to thank my customers for their liberal patronage in the past.

During nearly 20 years we had the most agreeable connection with many of the leading firms in the United States, and it will be our constant aim to please all who trust us with their confidence, to accomplish this object and to meet the increasing demand for our stuff, we are again adding 20 New Greenhouses for the culture of Palms and Azaleas etc. The continual increase of my business is to some extent a guarantee of the confidence we have established.

We desire to call special attention to the fact, that we claim to have been the first that shipped Belgian Plants, such as Azaleas and Palms to the United States. The first consignment of 500 Azaleas arrived in New-York about the 20<sup>th</sup> September 1885 by Steamer „Westernland“ and the first lot of Palms about the 8<sup>th</sup> of September the same year. The purchaser of this two shipments, a very small Florist in New Jersey at the time, is at present not only the largest importer of plants, but he has no doubt the most important business in this Line in the United States.

From the long and practical experience we have in business, and having everything under our personal direction, our customer may be assured that we shall consult their interest as well as our own, by promptly and carefully attending to their orders.

Yours very respectfully,

**C. PETRICK.**

## Terms.

All my **Invoices** are payable three months from date in United States gold prices or its equivalent to the order of my New-York agent, Mr **AUG. RHOTERT, 26 Barclay Street, (Post Office Box 1250), New-York.**

**A Discount of 3 %** will be allowed on invoices paid within one month from date of same.

**5 % Discount** may be deducted, when cash accompanies the order.  $\frac{1}{2}$  % per month will be charged if accounts are not settled within the 3 month from date of Invoice.

## Conditions.

**on which all orders entrusted to my care, are to be executed.**

All Plants and Bulbs travel at **buyers risk.**

Orders will be executed in strict rotation.

While I shall exercise the **greatest care** in **packing** and selecting. I can under no circumstances assume any responsibility for **damage in transit.**

**No Complaints entertained** unless made immediately upon receipt of goods to Mr **AUG. RHOTERT, 26 Barclay St., New-York.**

No complaints accepted for any **delay, damage or heating on transit** etc., as being entirely beyond my control.

I assume no **responsibility** for **shortages** on orders of Plants and Bulbs, which may occur through the season, on account of the action of the elements

While I shall invariably try to meet the prices of the competition. I reserve the right to change the present catalogue prices without further notice. This does not refer however to orders, which have previously been accepted.

These catalogue prices do not include the cost of packing.

**Early orders are appreciated.**

## Shipments.

Shipments (unless otherwise instructed) are invariably made via the „**Red Star Line**“ from Antwerp, in care of Mr **AUG. RHOTERT, New-York**, who will attend to the custom house entries and prompt reshipment to the best advantage of my customers.

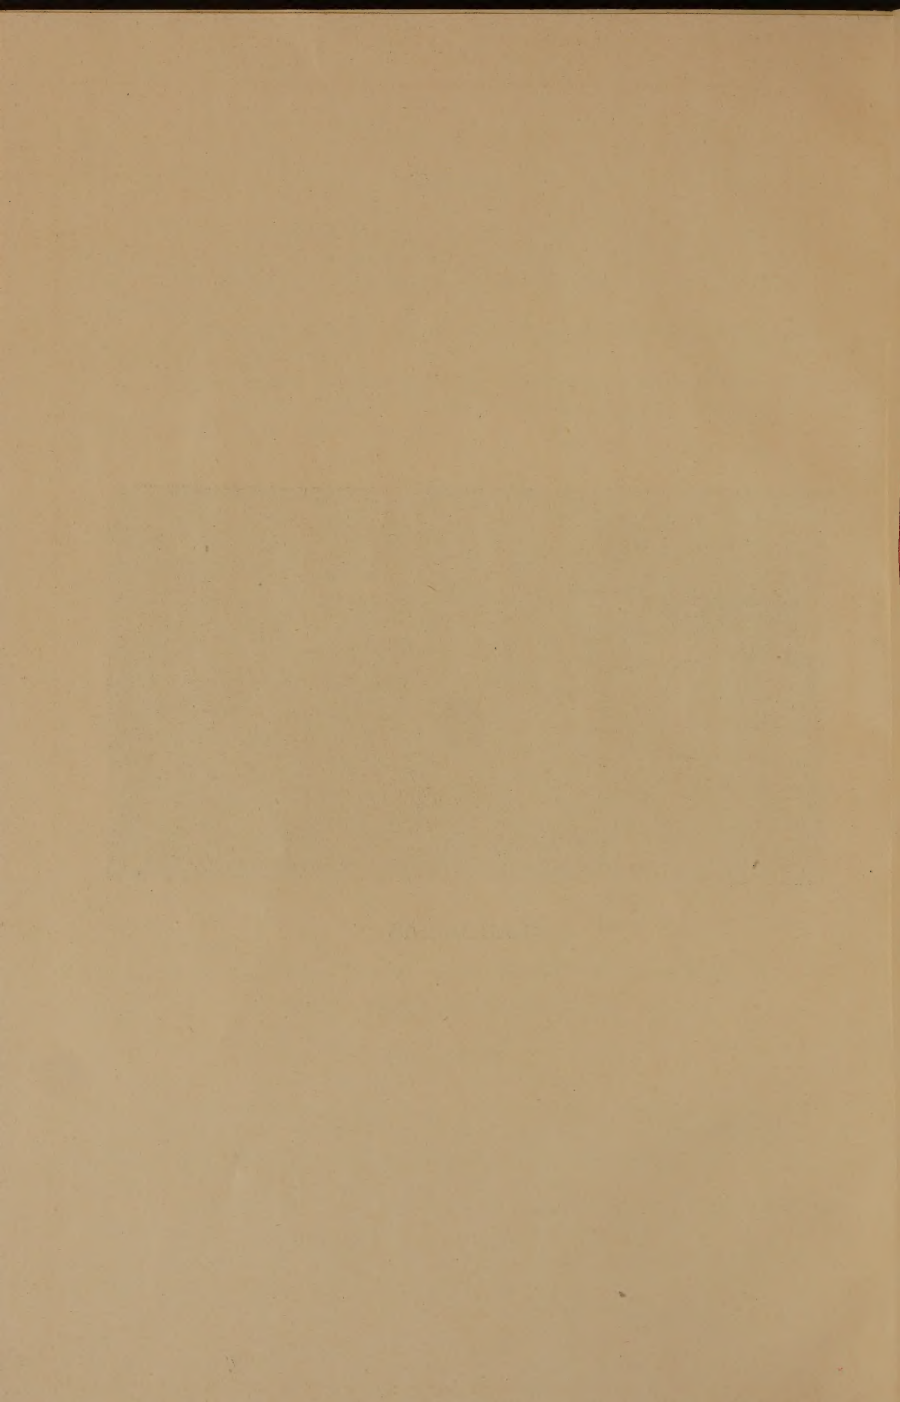

*Ocean freight, Duty and Marine insurance* are charged at cost and must be paid upon arrival of the shipment in New-York.

Hoping to be favored with a share of your patronage, I remain,

**C. PETRICK.**

ARAUCARIAS

## Araucarias.

### The Norfolk Island Pine.

These is one of the best decorative plants in cultivation. As a room or window plant they are exceedingly handsome, and are well adapted for decoration of any description, no wonder they are becoming more popular from year to year.

My stock of them is very large, and I shall be able to supply well shaped plants at very moderate prices.

*Araucaria excelsa.*

My Araucaurias are propagated from cuttings only.

| "                  | 20 to 24 "         | " 100 per 100. |

## Palms.

This is the most ornamental class of plants, well suited for giving a tropical effect, also for table and general decoration.

No decoration is complete without them.

In Palms I hold the best assortment of strong cool grown plants in Belgium and can guarantee entire satisfaction.

### Selection of the most useful kinds.

#### Areca Baueri.

### Kentia Balmoreana.

This is a very beautiful Palm, known as the curley leaved Palm.

We hold a very large stock of Kentias. The culture of them is one of our leading specialities, and we can supply them in all commercial sizes, in strong and cool grown plants.

### Kentia Balmoreana.

Extra strong plants \$ 2.<sup>50</sup> \$ 4 \$ 5 each.

This is one of the hardiest Palms in cultivation and of great effect in general decoration purposes. In fact it stands several degrees of frost, without being injured. As these become better known they will be more extensively grown and better appreciated.

### *Phoenix canariensis.*

PACKING OF AZALEAS

VIEW OF AZALEA DEPARTMENT

THE CL. 15. 123. 1000000000

**Raphis flabelliformis.**

- Fine strong plants** 2½ to 3 feet high with one large stem and two young shoots \$ 1.00 each.  
 " " " 3 feet high one large stem and two young shoots " 1.25 "  
 " " " 3½ feet high, one large stem and 1 to 3 young shoots " 2.50 "  
 " " " 4 feet high one large stem, sometimes 2 and 2 to 3 young shoots " 2.00 "  
 Larger plants and specimens \$ 3—4—5—6 to \$ 10 each.

Beside the Palms quoted I have a complete stock of other **new and rare Palms** and fine specimen plants: Quotations and Photographs can be had on application.

**Azalea Indica.**

Of these I hold no doubt the largest and finest stock in Belgium, and principally of medium and larger sized plants. They are in healthy condition, carefully grown as to shape and are well set with buds.

Out of the hundreds of varieties cultivated in my Nurseries, the following sorts are more particularly grown by me in large quantities, and can be highly recommended as to their fine flowers, and early or late forcing.

**SELECT LIST.**

- Alba Plena Odorata**, single, pure white very fine.  
**Apollo** (Schulz), Semi double, dark scarlet, Early.  
**Bernhard Andreas alba**, double, pure white, extra. Late.  
**Chicago**, double salmon, white margin, Late.  
**De Schryveriana**, Rich Rose, shaded with vermillion red, white margin dark red blotch, Late.  
**Deutsche Perle**, (Rose) double, pure white. The very best white Azalea for forcing.  
**Dr Moore** (T. H.) double, deep rose, fine variety, Late.  
**Edmond Vervaene** (J. V.), very double, crimson.

Empereur du Brésil (J. V.), double, soft rose, extra fine, Late.  
 Empress of India (V. G.), double, rich rosy salmon, extra fine, Late.  
 Fritz Seidel, double white for early forcing.  
 General Postmeister Stephan, single of fiery amaranth color.  
 Hélène Thelemann (Mardner) very double, rose, extra fine, Early.  
 Hermione (Schultz), double, deep rose, very fine, Late.  
 Hexe (Otto Forster), double, crimson scarlet (hybr. of indica and *Amana*), Early.  
 John Llewelyn, double, soft, rose, white margin.  
 Mr. Jean Peeters, double deep carmine.  
 Madame C. Van Langenhove, double, white, striped red for forcing.  
 Van der Cruyssen, semi double, crimson. The very best market sort.  
 Mad<sup>lle</sup> Louise de Kerchove (V. H.), double, bright pink, white margin, extra.  
 " Marie Planchon, single white, fringed margin.  
 Mémoire de L. Van Houtte (V. H.), double brillant crimson, extra.  
 Niobe (Sch.), double, white, very fine variety.  
 Président Oswald de Kerchove (V. H.), rosy pink double, — very fine.  
 Paul Weber, very double bright pink, with white large margin.  
 Pauline Mardner (Mardner), double, rose, one of the very best for forcing.  
 Pharailde Mathilde, double white Early.  
 Phœbus (Boelens), semi double, dark scarlet, violet blotch, extra.  
 Professeur Wolters, single, undulated, pink, white margin.  
 Raphael (H. M.), double, pure white, fine for forcing.  
 Sacuntala (Schulz), very double, white, fine for forcing.  
 Sigismund Rucker (V. H.), single, rose, crimson blotch, white margin: one of the very best for forcing.  
 Simon Mardner (Rose), very double, bright velvety rose, fine for forcing.  
 Souv. du Prince Albert (J. Versch.), double, peach rose, white margin late.  
 Talisman, double salmon purple blotch, large white margin for early forcing.  
 Vervaeana, double, rosy Salmon, white margin for forcing.

My collections at the Great Hamburg Exhibition obtained the highest prizes over all competition.

### Dwarf Azaleas on own roots.

Charles Enke, single, rosy salmon, white margin, late.

\$ 10—12—15 per 100.

## New Indian Azaleas.

Sent out for the first time.

**Madame Haussmann.** Remarkably fine flower of deep rich violet, with a dark blotch.

**Madame Petrick.** The earliest of all colored Azaleas; the color a very fresh rose, resembling Simon Mardner, however the flowers are not so double. In growth it equals M<sup>me</sup> Van der Cruyssen.

**Reine Wilhelmine.** The most double of all Azaleas. The flowers are of medium size of a rich deep rose color. Very showy and effective.

Plants from 6 to 8 inch \$ 0.30 each

10 to 12 " 0.50 "

14 to 16 " 1.00 "

## New Indian Azaleas from 1900.

**President Kruger.** fine large flower, very double, of bright rose color.

**General Joubert.** flower large and exceedingly double, the color is of bright coralred.

**Admiral Schley.** very double and well formed flower, of fresh rose color.

**Madame Rhotert.** very double flower of medium size, the color resembles that of Helene Theleman. Fine for forcing.

\$ 0.30 — 0.40 — 0.50 — 1.00 each.

## Azalea Mollis.

*Azalea mollis* is anative of Japan and undoubtedly one of our most beautiful shrubs for forcing or planting in groups or borders in Parks or Gardens. The flowers are larger and of more perfect form than those of the *A. pontica* variety, and resemble in form and size those of the Indian Azaleas. Their gorgeous colors vary from yellowish white, rose, all shades of yellow to the richest orange.

## SEEDLINGS

### in fine Mixture.

## STANDARDS

Fine standards assorted, 16 to 24 inch in diameter  
 Stam 3 to 3½ feet high, well set with buds \$ 1. — to \$ 3 each.

## Hybrid Azalea Mollis.

### Azalea mollis hybrida.

*A new and distinct hybrid of hardy Azaleas. Their flowers are larger than those of Azaleas mollis. The period of flowering is between that of Azalea mollis and pontica.*

*Their hardiness, vigorous growth, fine habit, luxuriant foliage and profusion of attractive flowers, render them one of the most beautiful of flowering shrubs in cultivation.*

**Ch. Rogier**  
 Vivid rose, white margin and yellow blotch.  
**Dulcinée**  
 Orange red.  
**Edison**  
 Rose, spotted with orange, white margin  
**Esmeralda**  
 Orange, spotted with vermillion.  
**Frédéric de Mérode**
